SAVE THE FISH HATCHERY

Chattahoochee Forest National Fish Hatchery

4730 Rock Creek Road

Fannin County, Georgia

I am signing this petition in support of Chattahoochee Forest National Fish Hatchery. The proposed 2012 President's Budget potentially closes and eliminates fish production at Chattahoochee Forest National Fish Hatchery. For each tax dollar spent the hatchery generates $37.20 in economic output for an overall total of more than $28 million. I respectfully request that the following elected officials work to ensure the continued operation of Chattahoochee Forest National Fish Hatchery and stocking of Georgia Trout Streams: U.S. Representatives Tom Graves, Tom Price, Rob Woodall, Paul Broun, and Phil Gingrey; U.S. Senators Saxby Chambliss and Johnny Isakson; Georgia Governor Nathan Deal; Georgia State Senator Steve Gooch; Georgia State House Representatives David Ralston, Stephen Allison, Thomas 'Tom' Dickson, Hinton 'Amos' Amerson, Rick Austin, and Barbara Reece.
